Who we are

Arab Bank Europe is part of the Arab Bank Group – connecting MENA and European markets

About Arab Bank Europe

The Bank provides as its core businesses Corporate and Institutional Banking (CIB), Private Banking and Treasury and Capital Markets services to its clients, focusing on business transacted between the UK and Europe and the Middle East and North Africa (MENA).

The Bank is a wholly-owned subsidiary of Arab Bank plc, through which it has access to an extensive banking network in the MENA region. Arab Bank has one of the largest global Arab banking networks with over 600 branches. Arab Bank's extensive network covers key financial markets and centres globally.

The Bank is part of a legacy that spans over 50 years of presence in the UK and Europe through the Arab Bank Group. With offices located in London and Paris, the Bank provides coverage across the continent. The Bank has established a trusted reputation for financial stability, resilience and customer service. The Bank's track record demonstrates a proven ability to support clients through regional instability and global challenges, including financial crises.

Our services

Corporate and Institutional Banking

Corporate and Institutional Banking provides banking services to European and MENA based companies and financial institutions. Country and product focussed teams work together to support clients across a wide range of markets and industry sectors. Trade, project and commercial real estate finance is offered as part of these services.

Private Banking & Wealth Management

Private Banking provides banking services to high net worth individual clients and family offices. Services offered through the Bank's offices in London and Paris (Arab Bank Europe SA) include current and deposit accounts, mortgages, safe deposit boxes, and foreign exchange, gold, silver and securities dealing. The Bank also offers wealth management services to its clients in London.

Treasury and Capital Markets

Treasury and Capital Markets provides a range of financial products in money markets, capital markets, foreign exchange and derivative markets which can be tailored to meet the needs of the private and corporate clients and assist them in managing their financial risks.
